OUR VISION & VALUES

Supporting Change in the World

In an environment that is constantly evolving, and more and more rapidly, we work alongside our customers to develop the industry of the future: the one that will provide people with what they will always need, in particular energy, food, water, safety, and all this while preserving Nature.

1

We are committed to driving quality performance, through our know-how and uncompromising focus on safety, in order to guarantee our long-term future.

2

We are committed to working collaboratively; treating everyone fairly, with dignity and respect and fostering a culture of knowledge sharing to drive efficiencies and success.

Safety

People

Wisdom

Performance

Integrity

At PONTICELLI, we are convinced that our activities can be carried out with no-one getting hurt. "Zero accident" is certainly an ambitious target which requires a high level of personal and collective commitment from each and every one of us. Every day and at the heart of our decisions we place safety concerns above all other considerations.

Our QHSES Policy

A UNIQUE AND INTEGRATED APPROACH

This approach consists of :

- Detection and analysis of causes of the non- respect of requirements
- Management , capitalisation and sharing of feedback

This policy is regularly revised in order to be constantly appropriate and relevant.

OUR SOCIAL RESPONSIBILITY

We are committed to accompanying the transformations of the world by taking into account the needs and expectations of our stakeholders.

Our Corporate Social Responsibility approach, based on internationally recognised benchmarks such as the United Nations Global Compact and the ISO 26000 standard, enables us to demonstrate our desire to be ever more responsible, exemplary, transparent and innovative.

Globally and locally, in the short, medium and long term.

SOCIAL RESPONSIBILITY POLICY

Commitment of the PONTICELLI Frères Group

- To take into account and involve all stakeholders
- A desire to be ever more **exemplary, responsible** and **transparent**.

Our Group, independent & family-owned, founded in 1921

An independent family-owned group, founded in 1921

The PONTICELLI Frères Group supports its clients all over the world in the design, construction and maintenance of their production facilities. Experts in the mechanical, piping and lifting trades, we offer our clients “bespoke” solutions perfectly adapted to their needs. We perform these projects from start to finish, through engineering to completion.

OUR HISTORY

CREATION

The company "PONTICELLI Frères" was founded.

19
21

1st Offshore construction

First construction of platforms for ELF Congo

19
70

1st EPC

First major EPC contract in Africa (TotalEnergies Nigeria)

19
97

1st Solar EPC

First major EPC contract on a Solar PV plant (Salvador)

20
17

19
38

1st Onshore Construction

First refinery contract for Shell at Berre-l'Etang

19
75

1st Nuclear Power Plant

First major contract on a nuclear power plant.

20
04

1st Offshore brownfield

First major brownfield offshore project (TotalEnergies Angola)

20
22

1st Offshore Wind

First offshore wind contract in Occitania.

PONTICELLI ***UNITED KINGDOM***

Founded in 2019

CREATION

Ponticelli UK established

Formed PBS Consortium led by Ponticelli

1st TUPE

Successfully completed largest TUPE process in the UKCS

SGP LP Project

Changeover of Shetland Gas Plant to LP operating mode.

Elgin Flowline

EIG Flowline - Elgin WHPB

1st Contract

PBS commence General Maintenance & Operations Contract for TotalEnergies E&P UK's North Sea assets

1st EPC Contract

First EPC contract over £5M (replacement of Gas Cooler on an offshore asset).

F4OR

Fit For Offshore Renewables

2023

F4OR Successfully F4OR granted

2021

Offshore Turnarounds

First Turnaround campaign, with over 100,000 manhours on 7 sites, without recordable incident

AT A GLANCE

Ponticelli UK support multidiscipline projects across brownfield and greenfield operations. Our effectiveness lies in our ability to employ ingenuity, digitalisation of processes and service delivery to complement the lifecycle of each project.

£150m

WHAT WE DO

Ponticelli have extensive global experience on offshore greenfield and brownfield Projects, with the ability to provide a full spectrum of integrated solutions ranging from conceptual design and engineering all the way through to decommissioning.

WE BUILD

Engineering & Design

Contracts & Procurement

Fabrication, Construction & Pre-commissioning

Loadout, Transport & Installation (T&I)

Commissioning & Start-Up

WE MAINTAIN

Maintenance & Operations

Maintenance & Integrity Management

Brownfield, Modifications & Turnarounds (TARs)

ENGINEERING & DESIGN

Ponticelli has extensive experience on greenfield and brownfield engineering projects:

- Conceptual Design
- Feasibility Studies
- FEED & Detailed Engineering
- Process Simulation
- Planning / Scheduling
- Estimating

CONTRACTS & PROCUREMENT

Ponticelli has an extensive experience in procurement:

- Subcontractor Management
- Purchasing & Expediting
- Logistics & Transport
- Materials Management
- Spares Management
- Warehousing

FABRICATION, CONSTRUCTION

Ponticelli has extensive experience in managing Fabrication and Construction:

- Construction Management
- Construction Engineering
- Weld procedures
- Material Control
- Fabrication
- Equipment and Tools supply
- Testing and certification

LOADOUT, TRANSPORT & INSTALLATION (T&I)

Ponticelli has the ability to wrap up the loadout and T&I under a single EPIC contract:

- Contractor Management
- Interface Management
- Inspection

COMMISSIONING & START UP

Ponticelli has the flexibility to self perform or provide operator support for commissioning activities:

- Pre-Commissioning
- Systems Checkout
- Commissioning
- Engineering Support
- Initial Production
- Plant Readiness
- Turnover

MAINTENANCE & OPERATIONS

Ponticelli support facility teams with daily operations:

- Maintenance Engineering
- Plant Operations and Maintenance
- Asset Performance Improvement
- Reliability management
- Integrated Offshore Teams
- Small/Sustaining Capital Projects
- Turnarounds, Outages and Shutdowns

MAINTENANCE & INTEGRITY MANAGEMENT

Ponticelli has continuous presence in maintenance and construction staff on many facilities for major operators:

- Mechanical
- Equipment Services & Products
- Prefab Piping & Skids
- Integrity Management
- Special Access
- Electrical & Instrumentation
- Overhaul
- Fabric Maintenance

BROWNFIELD, MODIFICATIONS & TARs

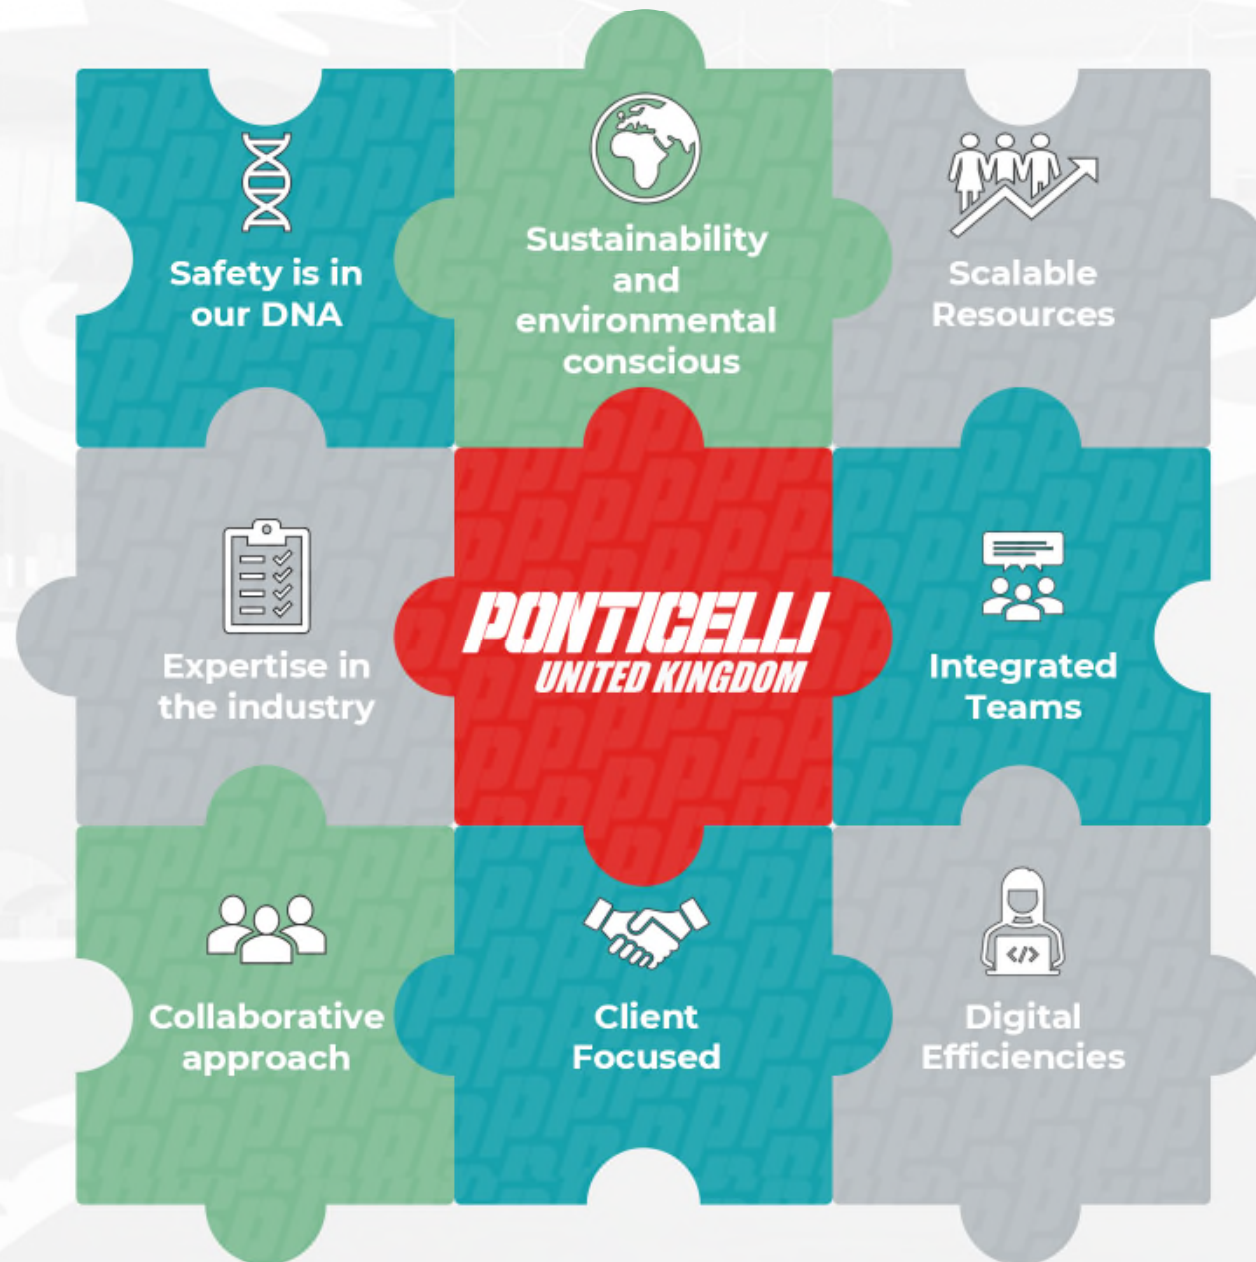

Ponticelli provides complete planning and execution, including offshore construction workforce for major production projects and TARs

- Turnaround Management
- Interface Management
- Work Package Development
- Operational Readiness
- Late Life Extension
- Decommissioning Topside Preparation
- Decommissioning Support

OUR INDUSTRIES

1. Oil & Gas / CCUS
2. Wind Energy
3. Hydrogen
4. Solar Energy
5. Refineries
6. Food & Drink Industry
7. Pharmaceuticals
